

USI DE INTERIOR 2011

Pentru ca iti doresti ca usile casei tale sa devina un obiect ambiental unic, personalizat, care sa defineasca din moment lumea ta si modul tau de viata ai pasit peste pragul firmei noastre...

Iti dam posibilitatea de a alege intre a avea un ambient anonim sau un mediu care reflecta fiinta ta. Cu ajutorul tehnologiei performante de care dispunem, va putem oferi adevarate opere de arta cu functionalitatea unei usi...

De ce obiecte de arta si nu doar usi? ...

Deoarece te poti identifica cu ele... configurezi materialele componente, forma tablilor si profilul gravurilor, propriul tau subiect imprimat direct pe usa la o calitate fotografica, insertii de furnire din esente de lemn din toata lumea,... alegerea materialelor de finisaj si o executie perfecta la dimensiunile cerute...

Acum ai posibilitatea de a alege intre o usa sau o opera de arta conceputa de tine...

Pretul nu se va schimba prea mult, in schimb casa ta, lumea ta, Da.

Stimati clienti,

Sunt Viorel Popp, fondatorul, proprietarul si managerul general al companiei Mecanoplast srl infiintata in anul 1991. Pe parcursul celor 19 ani de activitate neintrerupta in prelucrarea lemnului, colectivul firmei noastre a acumulat experienta in productia de usi de interior, mobilier din lemn masiv , pal melaminat si MDF, productivitatea de usi de interior ajungand in urma retehnologizarii liniei de productie la o capacitate de 100 de unitati in 8 ore.

Echipamentele de productie de ultima ora, materiile prime atent selectate precum si experienta indelungata a personalului de productie garanteaza realizarea unor produse de cea mai inalta calitate.

Eu impreuna cu echipa mea va invitam sa beneficiati de tehnologia si experienta noastra in productia de usi de interior, garantandu-va realizarea unor produse si servicii de inalta calitate, livrate prompt. Aceste principii sunt deasemenea aplicate si de catre dealerii nostri.

Pentru orice problema sau nelamurire privind produsele noastre va stam la dispozitie si va rugam sa ne contactati direct sau prin dealerii nostri .

Cu deosebita consideratie,

Colectia Classic

Usile se livreaza montate in toc, cu cate 3 balamale, broasca si garnituri de etansare. Foaia de usa este executata pe structura din lemn stratificat de rasinoase, placata cu HDF.

Nuante:

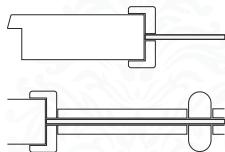

Lacuri semi-transparente: Alb, Stejar, Stejar Inchis, Cires, Nuc, Mahon, Wenge.

Lacuri colorate: Toata paleta RAL.

NOTE:

Foaia de usa are grosimea de 40mm.

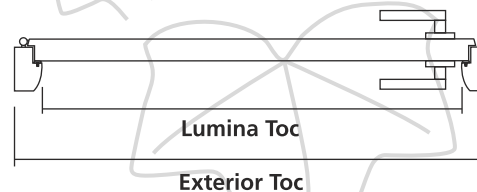

Tolerantele admisibile pentru stabilirea golului de zid sunt de minim +20mm fata de dimensiunea exterioara a tocului.

Usile se monteaza in golul de zid finisat, nu se recomanda alte interventii majore la pardoseala sau pereti dupa montajul usii.

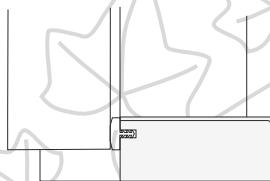

Usile se livreaza cu tocul asamblat, foaia de usa montata in balamale.

Balamalele sunt cu brat filetat $\varnothing 14$, finisaj galben eloxat.

SECTIUNE ORIZONTALA

PRAG

Pragul are miezul din lemn, si este acoperit cu placa de aluminiu de 3mm grosime. Sectiunea este de 60x25.

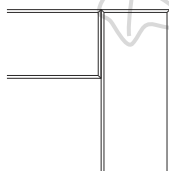

PERVAZE

Pervazele sunt realizate din materiale pe baza de lemn, tratate, cu sectiunea de 70x10mm cele simple sau 70x12mm cele profilate, si pot fi reglate pana la 20mm.

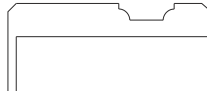

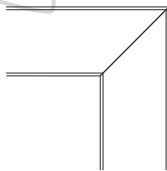

Un set de pervaze reprezinta elementele necesare pentru o fata a usii, 2 elemente lungi si unul scurt.
